Intensive Chinese Language

This is the course for you if:

- You have never studied Chinese before and want a kick-start to this fascinating language
- You have already studied some Chinese and want an effective refresher course
- You want to quickly accelerate your level

The course will be taught by award winning teachers. Teaching will take place in small classes grouped according to level. All four language skills (reading, writing, listening and speaking) will be taught with a focus on useable, everyday language that you might expect to use while living, working and travelling in China.

Business and Chinese Language

This is the course for you if:

- You have an interest in working in China or working with Chinese companies
- You want a career edge
- You have never studied Chinese Business in depth and want to grasp the essentials

The course combines Chinese language classes with specialised business teaching taught by lecturers from International Business School Suzhou (IBSS). Themes include doing business in China, the Chinese consumer and the Internet boom in China.

Award-winning Chinese teaching staff

Our Chinese Language Team are all experienced and qualified teachers of Chinese. Unlike many courses in China, teaching is task-based, involving considerable teacher-student and student-student interaction and integrating awareness of Chinese culture into a lively approach to language learning.

Sijia from the team was awarded the 1st prize in an international competition organised by 'Experiencing Chinese'. Sijia's work was highly praised for both its innovation and practicality.
